# Step 5:

Generate a wallet and click deposit on the coin of your choice.

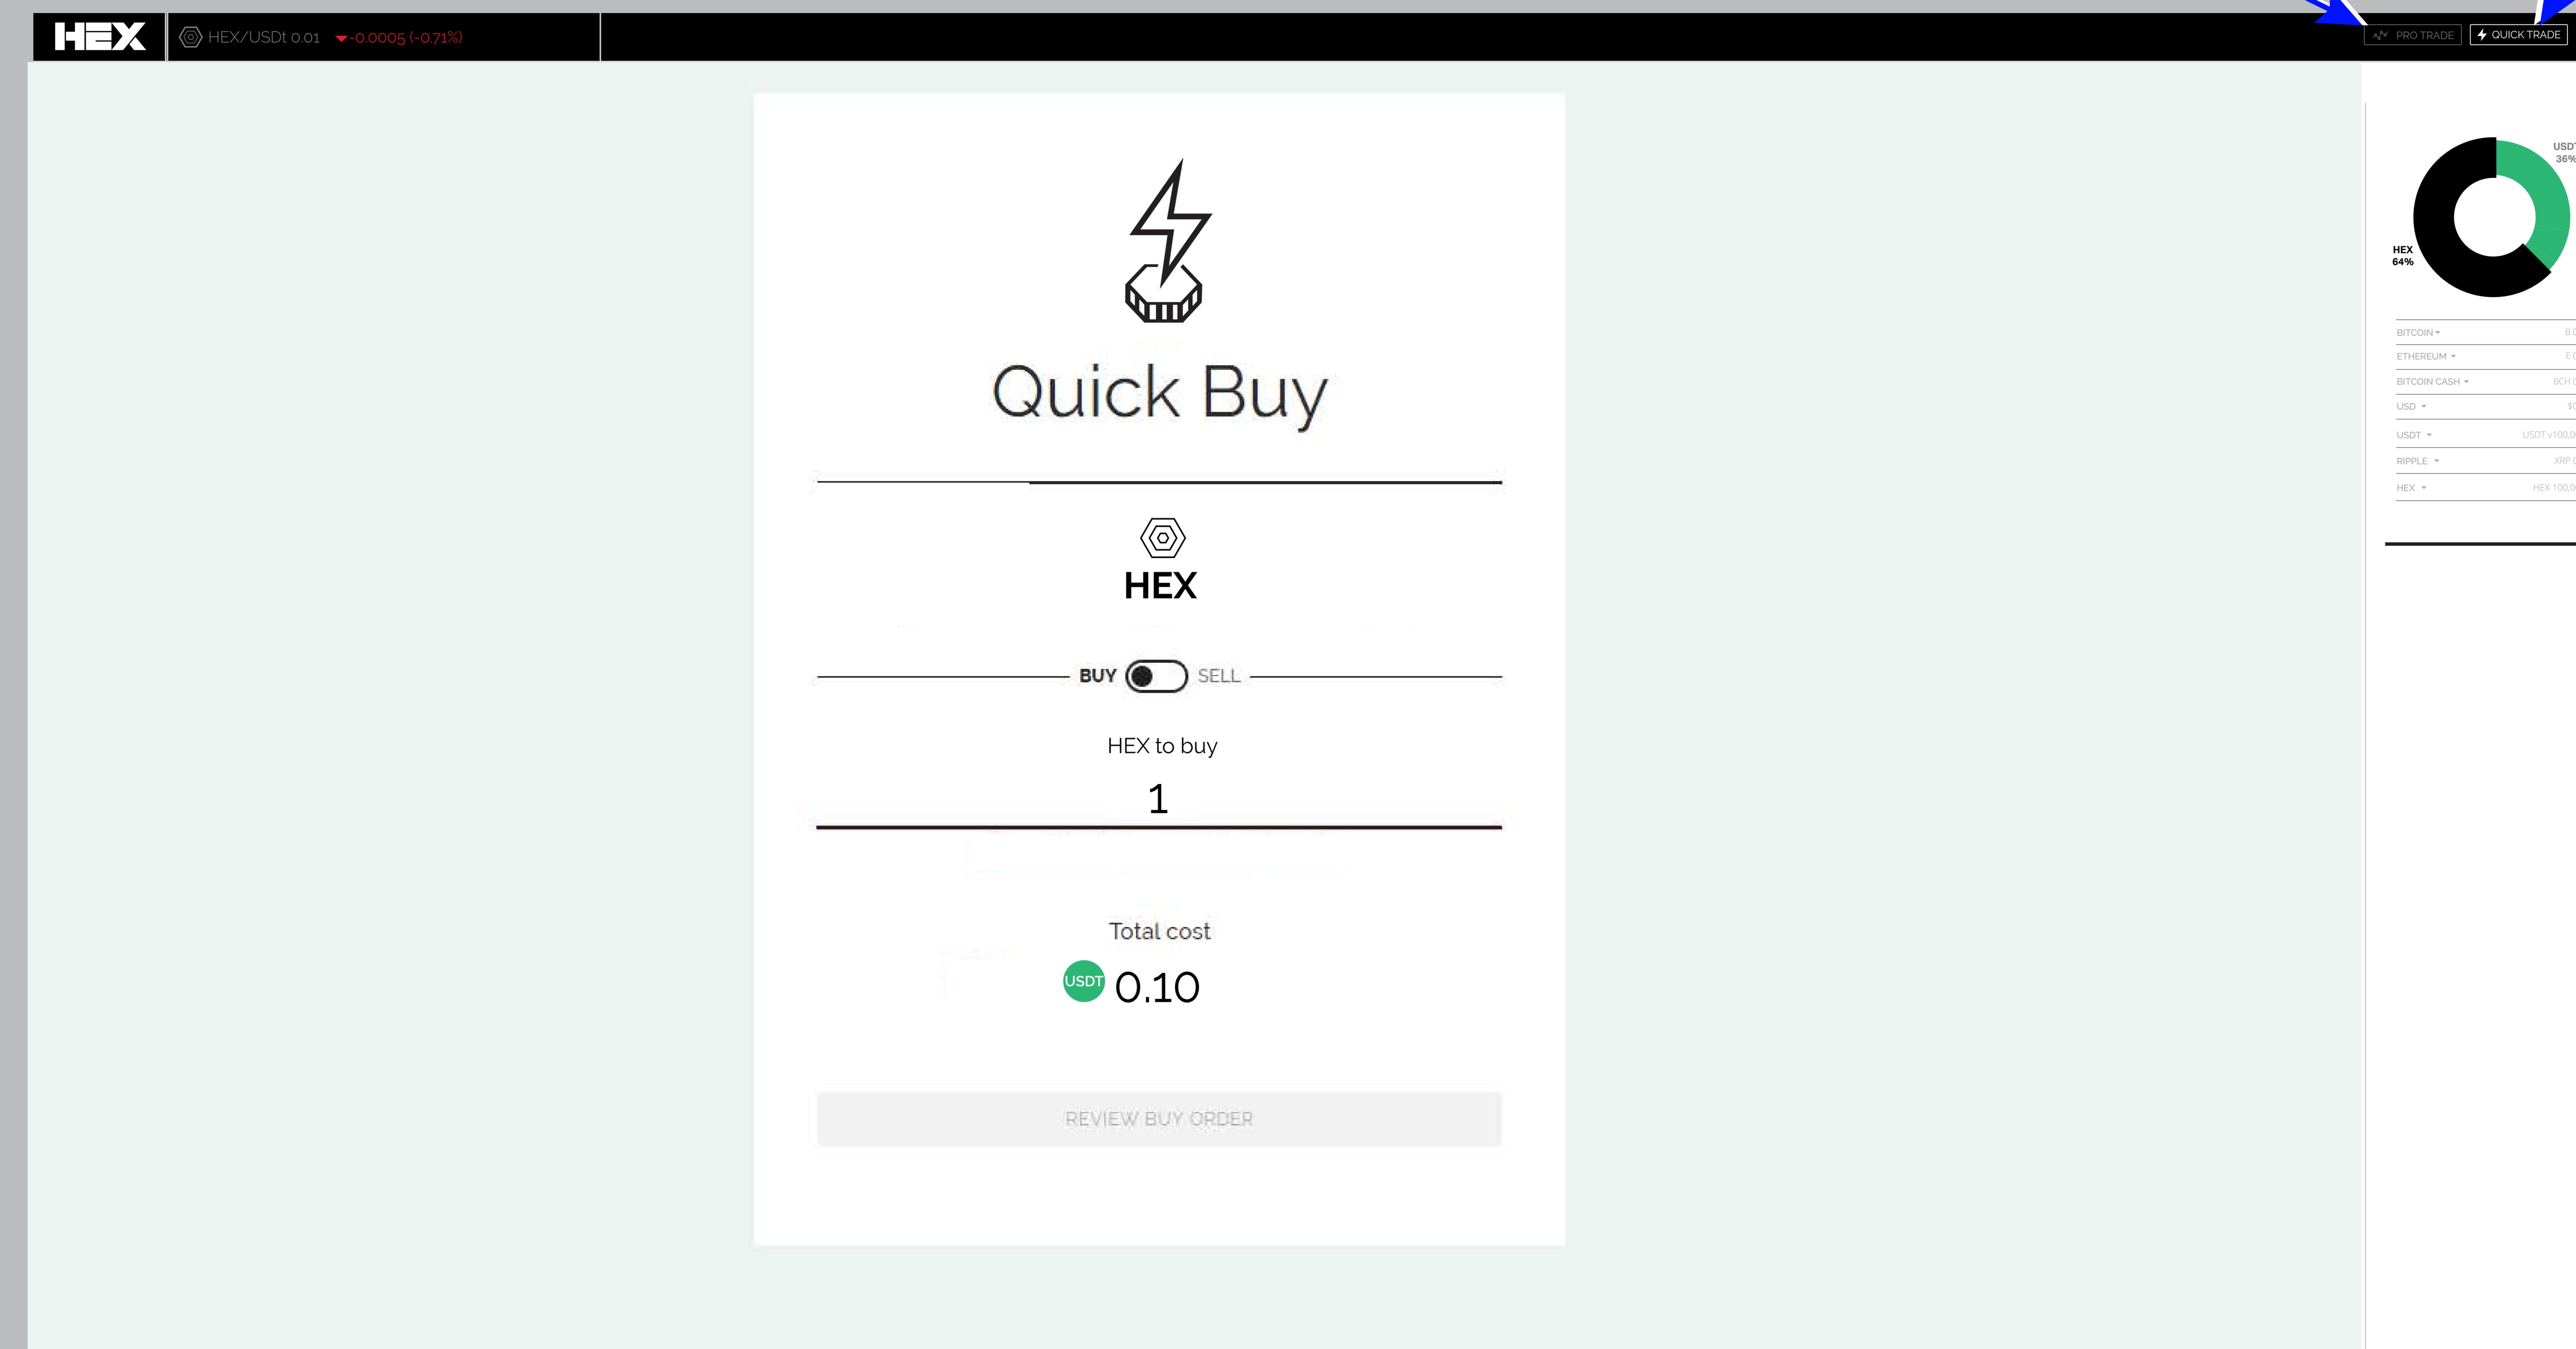

Upon depositing you will receive an email notification on the status of your deposit.

The screenshot shows the HEX wallet interface. At the top, there's a navigation bar with tabs: Summary, Wallet (which is active and highlighted with a blue border), Security, Verification, and Settings. Below the navigation bar, the word "Wallet" is prominently displayed. A large blue arrow points downwards from the text "click deposit on the coin of your choice." towards the "Deposit/Withdraw" section of the wallet interface. This section lists various cryptocurrencies with their respective icons and names: HEX, Bitcoin (BTC), Bitcoin Cash (BCH), Ethereum (ETH), Ripple (XRP), and Tether (USDT). Each item has a "Deposit" button with a plus sign and a "GENERATE WALLET" button with a plus sign next to it. To the right of this list, there's a "TRANSFER HISTORY" section showing zero amounts for all currencies. On the far right, there's a summary of total assets: BITCOIN 0.0, ETHEREUM 0.0, BITCOIN CASH 0.0, USD 0.0, USDT 0.0, RIPPLE 0.0, and HEX 0.0. The total assets listed is \$0.0. At the bottom left of the interface, there's a note: "If you'd like to deposit USD or other fiat currencies via bank wire transfer contact us." A large blue circle on the right side of the interface is labeled "MAKE DEPOSIT".

For USD or other fiat currency deposits contact us at:

# Step 6:

When your deposit clears it will be automatically converted to USDT.  
Once converted, HEX can now be purchased via **PRO TRADE** or **QUICK TRADE**

Using the order entry panel to buy HEX works like any regular trading platform. 'Market buys' will buy instantly at market rates, while placing 'limit buys' at particular prices are for capture sell waves during the Wave Auction phase.

The amount for sale can be viewed in the orderbook. This is the amount for incoming sell waves during public sale.

# Step 7:

You've now successfully obtained HEX.  
Invite friends by sharing the link  
found in your accounts summary page here.

The screenshot shows the HEX account summary page. At the top, there's a navigation bar with tabs for Summary, Wallet, Security, Verification, and Settings. The main area is titled "Account Summary". It features a large circular progress bar at the top right labeled "HEX 100%". Below it, there's a section for "Account - Presale Period" with a user icon and a message about obtaining HEX. To the right, there's a "GO TO WALLET" button. The central part of the screen displays various asset icons and their balances: HEX (100,000), Bitcoin (0), Ethereum (0), Bitcoin Cash (0), XRP (0), USDT (0), and USD (0). On the far right, there's a detailed table of assets and their values. A blue arrow points from the text above down to the "GO TO WALLET" button, and another blue arrow points from the text below down to the "COPY" button on the referral link pop-up.

**For every 10 HEX a friend buys you will be sent 1 HEX directly to your wallet.**  
**Share the link and get rewarded HEX automatically.**
